DREAMS DON'T WORK UNLESS YOU DO !!

" Our Creative drive is inspired by the idea that every little droplets of water matters. All that is needed is consistency, focus and determination. A century later, those droplets has become a mighty ocean.

Actions of today, are history of tomorrow. So therefore, the little actions of today can impact tomorrow greatly. The right moves today makes you a legend tomorrow."

MISSION

To be a World class Architectural Visualization studio & Architectural firm, which would influence our global environment positively, through circularity and our world class R&D.

WHAT WE DO

At 3DTRANCE, we visualize both exterior and Interior of all building types. Our clients expectations are always exceeded. Bringing to life a design from sketch, into a photorealistic medium, so it can be a guide, in which dreams can be brought into reality during implementation.

Design

Design of any building typology/ elements, based on Client's Brief or Ideas, put together into a comprehensive package, in form of photo-realistic images/Video with the necessary drawings.

Façade Design

In architecture, the façade of a building is often the most important aspect from a design standpoint, as it sets the tone for the rest of the building. We do facade design for any building Typology.

Axonometric Plans

Axonometric Plans is the visualization of your plans based on your sketch, design, ideas for your spaces put together into a photo-realistic images showing proposed finishes, mood & ambience.

Elevation Visuals

Elevation Visuals is the schematic view of internal/external faces of any building, based on your sketch and design, into photo-realistic images.

Exterior Visual

Exterior Visuals is the external 3D views of any building typology based on your sketch, design, facade, landscape put together into a photo-realistic images showing proposed finishes, mood & ambience.

Interior Visual

Interior Visuals is the visualization of any internal space based on your sketch, design, ideas for your spaces put together into a photo-realistic images showing proposed finishes, mood & ambience.

Animation/Walkthrough

Animation/Walk-through of any building typology based on your sketch, design, facade, landscape put together into a photo-realistic video showing proposed finishes, mood & ambience.

Panorama/AR/VR/HR

Panorama/AR/VR/HR of either an interior space or exterior scene. View from a point that shows the entire surrounding, put together into a photo-realistic images showing proposed finishes, mood & ambience.

OUR HISTORY

SINCE 2012

3DTrance Limited has been conceived since 2012 in Lagos. Where we started as a visualization studio from Lagos to Abuja for real estate firms.

In 2014, we then added our design studio which we designed institutional buildings for the government. Later than year we added our animation department for Architectural walkthrough & Panoramas.

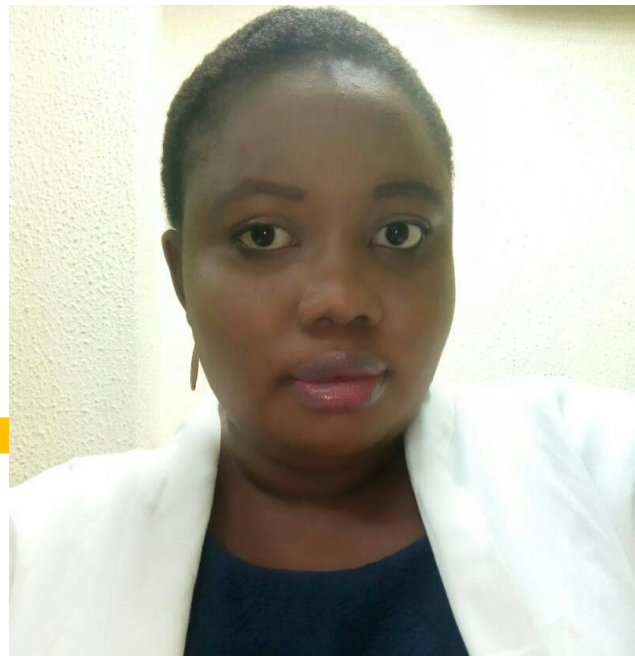

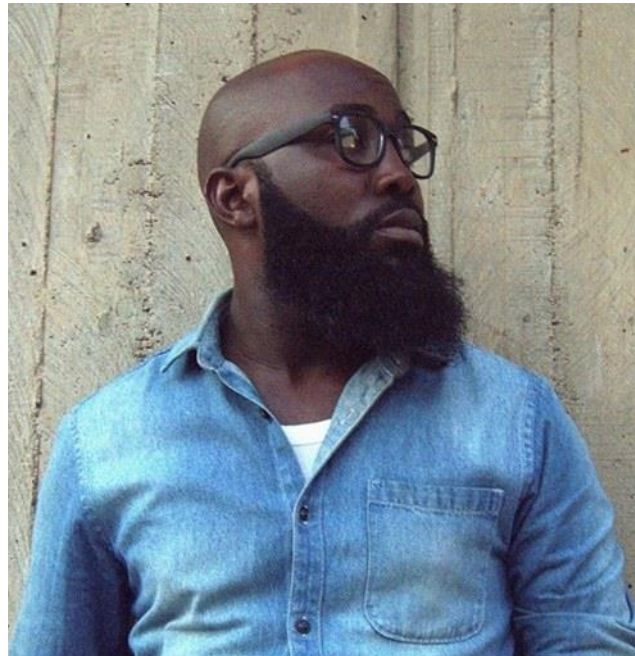

In 2016 we added Augmented Reality(AR), Virtual Reality(VR), Holographic Reality(HR) and Interactive Content for various firms in different industry.

OUR TEAM

At 3DTrance, we have Experienced, Diligent, Passionate, Dedicated and outstanding Professionals from various fields who love what they do and live it.

The 3DTrance Team are well sync and complement each others skills and expertise. We are here to use our skills and expertise to bring all your ideas, sketches and imaginations to life. Through visual stimulating images, videos, 360 panoramas, Virtual Reality (VR), Augmented Reality (AR), Holographic Reality (HR) and Interactive display.
